About This Game

Sausage Sports Club is a physics game about floppy animals playing sports!

Play solo or couch co-op with up to 4 friends in **Adventure Mode**! Compete, make friends, and explore the toy-filled Overworld as you make your way through a season of the hit reality show **Sausage Sports Club**.

Having a party? Perfect! Up to 8 players can compete or play together in **Free Play**! Any way you play, you'll unlock tons of customizations in characters, skins, and hats.

Title: Sausage Sports Club
Genre: Action, Adventure, Casual, Indie
Developer:
Chris Wade
Publisher:
Chris Wade
Release Date: 19 Jul, 2018

b4d347fde0

English

Game is clearly multiplayer focused, but has no option to play online.

I didn't notice until after I purchased, but they also advertise the game as having online, but through Parsec. It seems to be intentionally misleading as most people would not know what that is. The program literally works with almost any game, so that's not a feature you should be using as a selling point.

Looks fun, but I regret buying.
